

BURTON OVERY PARISH COUNCIL

GRANTS CRITERIA

The Parish Council allocates an amount of money each financial year for the purpose of providing grants to local organisations.

In order to be clear and transparent as to which applications the Parish Council will consider for grant aid, the following criteria will be used.

1. The activities of the organisation, society or group applying must directly or indirectly benefit the parishioners of Burton Overy.
2. Information on the specific item or scheme that the grant will be spent on, other sources of funding being pursued and a current balance sheet will be required.
3. Requests for grant aid should be in writing and will be considered at the next scheduled parish council meeting.
4. No single grant will normally exceed £100
